What We Do

Export Pallets delivers end-to-end wooden packaging and pallet solutions designed for industrial performance and global reliability. From precision manufacturing to on-time delivery, we ensure your operations stay strong—locally and worldwide.

BUILT FOR INDUSTRIAL SCALE

Wooden Pallet Manufacturing

Precision-built pallets using quality timber and advanced processes for strength, durability, and consistent quality.

Custom Wooden Packaging

Tailored crates, boxes, and packaging solutions designed to fit your product, load, and handling requirements.

Heat-Treated Export Pallets

ISPM 15 compliant, heat-treated pallets approved for safe and smooth international shipping.

Supply & Delivery Support

Reliable supply, on-time delivery, and responsive logistics to keep your operations moving without delay.

CORE CAPABILITIES

Quality Production

Engineered for strength and consistency with strict quality control at every stage.

Reliable Lead Times

Efficient planning and production to ensure on-time delivery you can count on.

Export Compliance

ISPM 15 compliant solutions and documentation support for smooth global trade.

Flexible Sizing

Wide range of standard sizes and fully custom options to match your exact needs.

Our Purpose Our Promise Our Values

At Export Pallets, our vision drives our direction, our mission defines our responsibility, and our values shape every decision we make. Together, they reflect who we are and the promise we deliver to our clients worldwide.

OUR VISION

To be the leading provider of wooden pallets and packaging solutions, recognized for quality, innovation, reliability and sustainable growth—locally and globally.

OUR MISSION

To deliver high-quality, safe, and export-ready wooden pallets and custom packaging solutions through advanced manufacturing, skilled workforce and customer-focused service excellence.

OUR PROMISE

We are committed to providing products that meet international standards, delivered on time, every time—building long-term partnerships based on trust, quality and performance.

OUR CORE VALUES

INTEGRITY

We conduct our business with honesty, transparency and strong ethics.

QUALITY

Quality is at the heart of everything we do—from material to final delivery.

CUSTOMER FOCUS

Our customers' success is our priority. We listen, understand and deliver solutions.

INNOVATION

We continuously improve our processes, products and services to create better value.

SUSTAINABILITY

We care for the environment and promote responsible use of resources in all operations.

TEAMWORK

We believe in collaboration, respect and the strength of our people.

Guided by our purpose and values, we are dedicated to supporting industries around the world with dependable pallet and packaging solutions that *move businesses forward*.

Industries We Serve

Export Pallets supports a wide range of industries with durable wooden pallet and packaging solutions designed for safe storage, secure transport, export readiness and seamless industrial operations.

Quality, Compliance & Certification

Export Pallets follows recognised quality, safety and export-compliance standards to support reliable manufacturing, secure handling, and confidence in every shipment.

Our heat-treatment process supports international export requirements by ensuring wooden pallets are treated in accordance with ISPM-15 standards. This helps customers move goods across borders with greater confidence, smoother documentation and reduced risk of shipment delays.

ISO 9001:2015
Quality Management System

Our pallets are heat-treated and prepared to meet international wooden packaging requirements for export shipments. Through our **ISPM-15 / SA-037 HT certification**, we support customers with compliant pallet solutions suitable for global trade and industrial logistics.

ISO 45001:2018
Occupational Health & Safety
Management System

Product Range

Export Pallets offers a practical range of industrial wooden pallets and custom packaging solutions, engineered for strength, reliability, and smooth handling across storage, logistics, export, and industrial operations.

1200 x 800mm
